EDUCATION

Delhi Technological University, New Delhi Bachelor of Technology <i>Software Engineering</i>	2019 – present 9.35 CGPA
Kendriya Vidyalaya, New Delhi AISSCE CBSE Class XII	2017-2018 92.4%
Kendriya Vidyalaya, New Delhi AISSE CBSE Class X	2015-2016 10 CGPA

PROJECTS

Crwn Clothing

A full stack web application implementing all the fundamentals of an e-commerce website. It is a single page application with features like category wise shopping, checkout menu and payment interface.

Tech Stack/Frameworks- HTML, CSS, JS, ReactJS, Firebase, stripe API, Express and Nodejs.

E-Bike Rental

A React app developed for renting E-bikes available at different locations in the city. All the locations of available E-bikes are shown using Google Maps API.

Tech Stack/Frameworks- React JS, Google Maps API, Firestore.

Smart-Brain

A face-recognition app built using AI face detection model of Clarifai API which automatically recognizes faces from any angle with landmarks and alignment.

Tech Stack/Frameworks- HTML, CSS, JS, React, Nodejs and Express, PostgreSQL.

Robofriends

It is a real-time fast searching frontend application. The data associated with this project is fetched from an API which returns it in the form of JSON.

Tech Stack/Frameworks- HTML, CSS, JS.

SKILLS

Programming Languages: C++, JavaScript, SQL.

Web Development: HTML, CSS, Bootstrap, JavaScript, Reactjs, Firebase, Nodejs, PostgreSQL

Knowledge Of: Data Structures and Algorithms, OOP, OS, DBMS and Web Dev.

Personal Skills: Problem solving, Critical Thinking, Hard working in an Efficient manner, Fast learner

EXTRA CURRICULAR

HackDTU

Created a web application 'E-Bike-Rental' in this hackathon in the year 2021.

Amazon ML Summer School

Attended Amazon summer school, an integrated learning program on key Machine Learning (ML) topics, in July 2021.

ACHIEVEMENTS

Junior Mathematical Olympiad

Achieved AIR 112 in 19th Junior Mathematical Olympiad 2016 organized by Kendriya Vidyalaya Sangathan (HQ).
